**TABLE 19**  
**COMMERCIAL FISHING FLEET—1942-1943**

This record includes the boats actively engaged in commercial fishing during the license year April 1, 1942 to March 31, 1943. It also includes 108 boats which were not engaged in market fishing but which did engage in marine sport fishing for profit and to which party permits were issued.

## **5. FISHING PARTY VESSELS**

Every person operating a fishing-party vessel for profit in this State must first obtain from the Division of Fish and Game a permit good for one calendar year. A record of these party-permit boats is included with the regular commercial fishing fleet because they draw upon the same supply of fish; the majority of the owners and operators hold commercial fishing licenses and sell the excess catch to the fresh fish markets and canneries.
