21. 1928 MONTHLY LANDINGS FOR THE STATE OF CALIFORNIA

The combined landings in all districts of the state are shown in the following table. (See also table of "Totuava Importations, 1928," on page 109.) As in the preceding tables these figures include importations and the point of origin of the catches is shown as well as the total landings for each species where the catches are not made entirely off the coast of the State of California.
